

Reflections for the Year End?

I'll jump in before you make your New Year's Resolutions.

What is your hope for 2017 - for your life individually; or together as a chapel?

How do you see a Rural Missioner assisting you to reach out to those around you?

I can't guarantee anything but please all, do reply and let me know!

Prayer

There are currently no dates, times or venues confirmed but I'm hoping to have news of that shortly and will let you know.

Encouragements

Whilst delivering leaflets in the Norton area I had a good conversation with one believer who no longer attended services because she had been hurt by others in the Church - not one of our chapels I hasten to add. It was great to talk about the goodness of God though. Over 50% of the population still believe in God or some great spiritual power. What an opportunity for us all to build bridges of love this Christmas time.
