

## What A Creative God We Serve

I do hope you are all safe and warm in the midst of the Spring snow we are experiencing. Is it any comfort that no two snowflakes are alike? Our God loves variety and in this brief newsletter I want to encourage you with some of the variety in our midst.

## Llanddewi Rhydderch

may be small in number, but their creative family services are a joy to be a part of. Four times a year they let Janti, Brenda and others loose with their creative skills, and they have a good number of extra visitors. This last week the (cardboard) walls of Jericho did fall down, Rahab's house did stay up, and fun was had marching with our trumpets around the chapel edge.

[contact@llanddewi-rhydderch-chapel.co.uk](mailto:contact@llanddewi-rhydderch-chapel.co.uk) if you'd like to know more. They'd love to help you wherever you are.

## Ewyas Harold's Outdoor Church

Approximately 5 times a year Julia, Mike, Joy and others hold an Outdoor Church service. It is an opportunity to invite whole families to enjoy church together in a non churchy location which is therefore both accessible to non church goers and being in God's creation lends itself to a spiritual experience.

Activities are based on the natural environment with a talk relevant to the activities based on a short passage of scripture. They did have one planned for this Saturday. Contact Julia, on [maslin@doctors.org.uk](mailto:maslin@doctors.org.uk) if you'd like to know more.
