

And It's ...Question Time!

I have a number of questions for you to help me with this time around!

Is there anyone who would like to help me with updating and maintaining the [Rural Mission Project](#) website? It is a WordPress based website and if you click on the underlined blue typeface it will take you there!

Do you have photographs that you would like to be included on the [gallery](#) of the website? They can be recent events or good memories from the past. The more we can source the better. Do have a click on the link to see what is already there.

If you have any events that you would like to promote do let me, or the willing volunteer that comes forward soon (!) know. We'll include the details on the website. See [here](#) for the current very short list of events. Are there particular events you'd like promoting?

What are the dates of your **local show**? I am aware that many of our local villages have some great shows during the warmer months. We thoroughly enjoyed Longtown Show as a family last year. Please can you let me know the dates, times and venues of your local shows, as we hope to have some presence or even a display in your local community.

[Big Life Cymru](#) is one of South Wales' responses to a growing discipleship

movement that has taken certain parts of the world by storm. I am hoping to take a small group of willing participants to the training times that are detailed [here](#). Would you like to join me? If you are in Herefordshire you will be more than welcome too!!

Heads Up...

Carl Gidney, is a Regional Minister within the South Wales Baptist Association, and is promoting the Big Life events. He is involved in a number of existing new church initiatives in Wales. He is also the newest member of the Rural Churches Project steering group. If you are able to, come and hear him lead the service **this Sunday morning at 11am in Zoar Chapel, Pandy**. I'm sure you won't be disappointed!

Back ...

Personally, I have never known an extended time of health issues like this. So this last month has been somewhat frustrating as firstly, a bad back, and then, a virus has kept me out of action. It's good to be back again this week, although my back still needs careful exercising and treatment. Thank you to those who have been praying for my health.

May God Bless us all

Grace & Peace

Ian
